Please attach a 3-page proposal answering the questions below and **send it to your faculty advisor for feedback**. Once they have reviewed your proposal, please submit this form and your proposal to Caroline Herrod (caherrod@ucdavis.edu) with your faculty adviser's signature by **August 31**.

1. Begin with a brief, clear statement of your research topic and your research question(s). What do you want to find out and why? What is the puzzle that you are trying to solve? Your research question may change over the course of the year, but having a question at the beginning of your research can help guide your thinking and data collection.
2. Discuss your preliminary plans for conducting your research. What method(s) will you use? What are some potential sources of data?
3. What two books or five articles do you plan to read on your topic over the summer?

You may direct any questions about the program or application process to
